

EIP

EIP support X Media Lab at Bath Digital Festival

EIP will be exhibiting at the X Media Lab Bath conference on 16 March, part of the Bath Digital Festival.

X Media Lab Bath is a major event bringing hundreds of digital media professionals together to showcase creative ideas in the digital entertainment industry. X Media Lab Bath consists of a one-day conference held at the Assembly Rooms in Bath, followed by a two-day mentoring programme for local businesses.

The conference itself features 18 keynote presentations by representatives from companies including Eidos, Sony, MTV, and YouTube.

Matt Lawman and Ben Hoyle from EIP's Bath office will be taking part in the conference events and networking, and will be on hand in the exhibition hall to answer any questions.
